

Charles Benz Is Completely Cured

Had Spent Much Money Vainly Seeking Relief and Found New Tonic Gave It.

One sensational statement after another is being made in connection with "Tona Vita," the new tonic that is effecting such remarkable results in Richmond. Mr. Charles Benz, of Jefferson Avenue, city, had this to say recently:

"I was a great sufferer with chronic indigestion, sleeplessness and nervous debility. I had spent a good deal of money in vain trying to get relief from my trouble.

"I was induced to try 'Tona Vita' by several friends who had used it, and from the talk I had with the specialist. I used it, and am happy to say that I am a completely changed man. Not only changed, but cured. I cannot say enough in praise of 'Tona Vita's' curative powers."

A preparation similar to "Tona Vita" has been a great success in Europe, but the tonic is just being introduced in the United States. The Folk Miller Drug Company, No. 834 East Main Street, has secured the agency here, and specialists are explaining the nature of the medicine to the public at this place between the hours of 9 A. M. and 8 P. M.

These specialists claim that a large percentage of the population, especially among city people, are affected with nervous debility. One of the specialists said in this connection:

"The symptoms of nervous debility are unmistakable to those who know how prevalent this trouble is. A tired, dragging feeling of the body, a sluggish mind and dull memory, depression of spirits, nervousness, stomach trouble, weak back, cold feet, headaches and bowel trouble. These are sure indications of nervous debility, and modern life in big cities produces it in untold thousands."

"Tona Vita" will positively remove this condition. If it doesn't the trial costs nothing, as the medicine must do the work or we don't want money for it. "Tona Vita" is going to astonish Richmond, as it is actually worth its weight in gold to a man or woman afflicted with nervous debility.

"While we are meeting callers each day, and hundreds of debilitated people are regaining their health through our medicine, there are thousands more whom we want to reach before we leave. If all the men and women who are struggling along depressed in mind and body by nervous debility, unable to get any real enjoyment out of living, would only take the trouble and time to come in and talk to us, we would bring a tremendous amount of happiness to the residents of this city. There is little real pleasure in life for an individual who feels continually worn out. Positively the very first dose of our tonic benefits a man or woman in this condition."

DRAWS HIGH SALARY

tributing "Lorimer money," was acquitted by a jury and other indictments were quashed. Charges of jury bribing in the Browne case were sustained in court.

A committee of the United States Senate reported that the charges of corruption were not proved, and held Senator Lorimer's title to his seat valid. Immediately after the Illinois Senate appointed a committee of its own to investigate, and this committee reported that Lorimer would not have been elected without bribery and corruption, and the Illinois Senate by a vote of 53 to 10 endorsed that view.

Lorimer is vindicated. In the meantime, after a series of notable debates in the United States

Senate, Mr. Lorimer was vindicated there, 45 to 40, with five Senators not voting. The quota of Senators then was ninety-two, and there was one vacancy in Colorado.

Since then by the admission of New Mexico and Arizona the quota of Senators has increased to 96, but the Colorado vacancy still exists, and there are ninety-five men to vote on the case this time. But of the forty-six who voted to retain Mr. Lorimer, eleven are not now in the Senate, and four of the five who refrained from voting are also no longer members. The ranks of the forty who voted against Lorimer have been depleted by only five, and these places have been taken by men who seem to have indicated that they will follow the views of their predecessors.

Senator Curtis, of Kansas, who voted for Mr. Lorimer before, is said to be ready to vote against him this time, but this is counterbalanced by Senator Jones, of Washington, who voted against Mr. Lorimer, but will vote for him this time.

This alignment seems to throw the balance of power mainly with the new Senators, and there has been a great deal of speculation.

The second investigation brought out the charge that Edward Hines, the millionaire lumberman, had raised a fund of \$100,000 to "put Lorimer over," but the majority of the investigating committee rejected this entirely and exonerated Hines as well as Lorimer. The Senator's election, the majority report holds, was due entirely to political conditions in Illinois, which made Mr. Lorimer the only candidate who could muster a majority.

DEFENSE RESTS IN HAWKINS CASE

Hendersonville, N. C., June 4.—A letter written by Myrtle Hawkins to Alida Therrell, friend who resides in Concord, was introduced in court here today and brought tears to the eyes of many who heard it read. The letter, evidently written about the time of George Bradley's marriage, told of Myrtle's love for him, and of her pang at having to be present and see him married. She declared that her caresses would never be granted to any other man.

Will Johnston, who lives about four miles from here, was put on the stand in the rebuttal testimony today and said that he was on his way home from Hendersonville the night Myrtle disappeared, and passed within fifteen feet of the Spillway of the bridge, two of whom appeared to be women, and the other, he thought, he recognized as George Bradley.

A number of witnesses were recalled during the morning, mostly for corroboration of other testimony, and the defense rested early in the afternoon.

The State started rebuttal testimony, which will probably be concluded to-morrow morning. It is anticipated the argument will be started either to-morrow afternoon or early the following morning, and the case may get to the jury by Thursday.

Senator Nixon in Extremis.

Washington, June 4.—Late to-night Senator George W. Nixon, of Nevada, was in a critical condition at a local hospital, and his death was considered a matter of hours. The Senator had had an operation for nasal catarrh performed last Thursday. Not until today was it learned that spinal meningitis had developed, and that the Senator's life was despaired of.

Cost of Investigation.
Washington, June 4.—The Senate's investigation of the Titanic disaster cost \$6,000, according to a statement filed with the Senate today.

It shows that J. Bruce Ismay, managing director of the White Star Line, received \$33 for traveling expenses and witness fees. About \$3,300 was spent for stenographers' fees and about \$1,100 for mileage of witnesses and traveling expenses of the members of the investigating committee.

TAFT SUPPORTERS CONTROL IN OHIO

(Continued from First Page)

Wilson by a vote of 181 to 55 to-day, sending three Underwood and one Wilson delegate to the State convention.

Wednesday night there will be a big Wilson caucus and a rally of Underwood supporters, to be addressed by Congressman Hefflin, of Alabama.

Lead for Roosevelt.

Sioux Falls, S. D., June 4.—Returns from the South Dakota primaries came in very slow on account of the long ticket. The few precincts which had reported at 10 P. M. gave Roosevelt a lead over both President Taft and Senator La Follette.

Senator Gamble had a lead in the race for Senator on the Republican ticket. Frank M. Byrne led George W. Egan by 1,000 in sixty-five precincts reporting on Republican candidate for Governor.

Delegation Is Uninstructed.

Baton Rouge, La., June 4.—An uninstructed delegation to the Democratic National Convention at Baltimore was elected here to-night by the State convention. Twelve of the twenty delegates have announced a preference for Speaker Clark, eight being supporters of Governor Wilson, of New Jersey. The six delegates-at-large are: Governor L. E. Hall, Congressman Arsene Fujo, Mayor Martin Behrman, of New Orleans (all Clarke supporters), former Governor Newton C. Blanchard, Colonel Robert E. Wing and Theodore S. Wilkinson (Wilson supporters).

Clark Leads in West Virginia.

Wheeling, W. Va., June 4.—At district delegate conventions held in the five congressional districts of West Virginia to-day, Speaker Champ Clark secured six instructed delegates in the Second, Third and Fourth Districts. The two delegates in the First District are uninstructed, but favorable to Clark, while in the Fifth District, the delegates are uninstructed, but are said to favor Governor Harmon, of Ohio. The forces of Governor Wilson made their hardest fight in the First Dis-

trict and lost, although preventing outright instructions.

A feature of the conventions was the selection of National Committeeman John T. McGraw, the Wilson State leader, as one of the Second District's two instructed delegates for Clark.

The Democratic State Convention will meet at Parkersburg on Thursday to select six delegates-at-large.

Victory for Harmon.

Toledo, Ohio, June 4.—Governor Harmon defeated his political foes in the preliminary session of the Ohio Democratic State Convention this evening by organizing the body with George S. Long, of Troy, private secretary to the Governor, as permanent chairman. Senator Albee Pomerene, who was slated for permanent chairman, was defeated in the committee on permanent organization for the House by a vote of 10 to 7, after he had expressed himself as opposed to the unit rule.

The indications are that the unit rule will be adopted at to-morrow's session of the convention, and that Ohio's forty-eight votes at Baltimore will go solidly for Harmon for President. A personal encounter between E. H. Moore, Harmon's campaign manager, and Chairman Whitacre was narrowly averted at the Eighteenth District caucus by the timely intervention of friends.

Congressman Whitacre was speaking before the vote was taken for election of a State central committee, and said that he refused to be driven from public life by a "political scandal." "You are referring to me, and I'll not let anybody call me that name," angrily shouted Moore, rushing toward Congressman Whitacre with clenched fists. Friends interposed, and the possibility of further trouble was averted.

where the number of delegates exceeded the allotment were added to-day to the cases prepared for submission to the national committee. In the Fourth Virginia and Third North

Carolina districts contest cases have been prepared, and in the Thirteenth and Sixteenth Missouri districts double the number of allotted delegates were chosen.

The number of contested delegates now recorded by the committee, including cases where extra delegates were chosen, is 238. Additions may be made to this number.
